JARRAH

SILVERTOP

BLUE GUM

SPOTTED GUM

BRUSH BOX

TALLOWOOD

BLACKBUTT

AMERICAN WHITE OAK

HM Walk is an engineered hardwood floor, which means that the surface you walk on and see is made of strong Australian hardwood, while underneath the surface HM Walk uses an extremely stable 9 ply construction made of plantation Eucalypt.

HM Walk Range

This type of construction ensures the maximum use of our precious hardwood, which in turn is better for the environment. With its unique glueless locking system, HM Walk is fast and easy to install in your home.
