

Elegant Oak

Première Oak

Capturing all the characteristics of France, this luxurious and contemporary French Oak engineered collection by Hurford Flooring, has been carefully chosen to complement any space, be it your home, commercial or retail.

Elegant Oak

Elegant Oak is a traditional tongue and groove engineered Oak floor. The flooring is manufactured using a genuine French Oak lamella sourced from forests in France.

Elegant Oak combines an intense wire brush textured finish with a chic stain to add a touch of flair to any room without over powering it. The 189mm wide boards have a slight bevel on each edge designed to create depth, adding to the wooden floor charm.

Première Oak

In keeping with the same seven stylish colours, Hurford Flooring has produced a more economical product, making it ideal not only for flooring but for walls and ceilings as well. This is due to its thinner 2mm lamella wear layer and 10mm plantation eucalyptus plywood base.
