

Australian Native

PRODUCT FACT SHEET

Introduction

Emphasising Australia's much loved classic species, Blackbutt, Blue Gum, Brush Box, Ironbark and Spotted Gum. Australian Native provides that organic, natural, warm feeling. The pre-finished range features a square edge profile and an ultra matt finish, to achieve a floor that's earthy and effortless. Our manufacturing process combines low shrinkage and eco-friendly Hevea as the core material and a tough Australian hardwood lamella for the wear layer, producing a product that's consistent in quality and structural stability.

Stylish, Practical and Durable

Utilising the latest in environmentally friendly UV coatings, our 6 coat system delivers a floor finish similar to a stylish oiled floor but with the durability and protection a UV lacquer offers. Australian Native engineered flooring provides a practical yet stylish option suited for day-to-day use in most applications.

Australian Native construction incorporates a licensed Välinge click system, using a single action installation method which saves time and ensures you can enjoy your new floor instantly.

In addition to our Blackbutt and Spotted Gum, the Australian Native range offers Rustic Blackbutt, a full featured floor with prominent gum veins, gum pockets, trails, burls and borer holes.
